Pod™ Petite
wipes

Dual action Pod™ Protect Wipes

One wipe – one dose

Antimicrobial cleaning and odour control wipes designed specifically for Pod™ Petite.

Cleans, sanitises and deodorises inside and out, protecting your staff and customers from harmful bacteria and viruses that thrive in this environment.

Why are Pod™ Protect wipes important?

ELIMINATES HARMFUL BACTERIA

Like E. Coli, Salmonella and Hepatitis B and C

VAPOUR PHASE TECHNOLOGY

Reduces malodour and bacterial numbers

CLEAN, FRESH FRAGRANCE

Essential oils offer refreshing washroom scent

EASY TO USE

Individual antimicrobial wipes – no mess, no residue

SUSTAINABLY SOUND

Made with natural active ingredients using a biodegradable wipe

LABORATORY TESTED AND VALIDATED

Using trusted Genesis Biosan technology

1 **Dual action – cleans, sanitises, deodorises**

2 **Wipe outside surfaces on Pod™ Petite**

3 **Drop wipe inside the unit for complete protection**

How Pod™ Protect Wipes work

- Vapour phase technology from natural essential oils are slowly released from the wipes and permeate throughout the unit even when it is full
- Cleans and eliminates harmful bacteria on the outer surfaces
- Deodorises, sanitises and prevents the formation of malodour inside the unit
- Simple dosing system protects for 14 days
- Produces a pleasant washroom aroma

Pod™ Petite – a powerful solution for a delicate problem
